

Project Title: Bagatelle Alternate Water Harvesting and Storage Project
Project Country: Dominica
Responsible Organization: Department of Local Government and Community Development
Proposed Budget (USD): JCCCP Grant Funding: \$18,744.28
 In Kind Contributions: \$5,270.37
 Total Budget: \$23,829.47

Project Objective

The overall objective is to rehabilitate and enhance an indigenous water source in order to provide water in times of crisis.

Selected Focal Areas

This project will incorporate the following focal area identified under Outcome 2 of J-C CCP:

- Water Resource Management

Targeted Stakeholder Groups

- Residents of Bagatelle, Point Carib, Fond St. Jean, and Fabre Villages
- Dominica Water and Sewerage Company (DOWASCO)

Project Activities

- Rehabilitation of the local water system through two new water intakes at identified springs, connected to a distribution line for residents' collection
- Installation of three 1,000 gallon water storage tanks
