Project Title: “Everyday food: growing vegetables no matter what weather.”
Education on Simple Sustainable Agriculture Methods at Selected
Primary Schools Through the Use of Second-Hand Pet Bottles

Project Country: Suriname

Responsible Organization: Kesabaran Foundation

Proposed Budget (USD): JCCCP Grant Funding: \$50,000
In Kind Contributions: \$14,000
Total Budget: \$64,000

Project Objective

The overall objective is to educate 4th and 5th grade school children in the district of Commewijne in protected agriculture and take measures to cope with changing climate conditions.

Selected Focal Areas

This project will incorporate the following focal area identified under Outcome 2 of J-C CCP:

- Sustainable Agriculture

Targeted Stakeholder Groups

- Schoolchildren in the resorts of Meerzorg, Alkamaar and Tamanredjo of the district Commewijne

Project Activities

- Set up a greenhouse with its own rainwater harvesting system
- Set up one water harvesting tank system with a capacity of 2,000 liters for every greenhouse
- Cultivation of vegetable crops
- Provision of basic agricultural practices in horticulture under protected conditions to 4th and 5th grade school children.
- Appointing two school children as agro-officers
- Production of 1 project documentary
- Hosting an exhibition to display the agricultural production of the schools and its agro-processing possibilities
