

**Project Title:** Dickie Village Slope Stabilization and Road Improvement

**Project Country:** St Vincent and the Grenadines

**Responsible Organization:** Ministry of Transport, Works, Urban Development and Local Government

**Proposed Budget (USD):** JCCCP Grant Funding: \$53,431.67

In Kind Contributions: \$42,145.92

Total Budget: \$95,577.59

### Project Objective

The objective of the project is to improve the quality and measures to protect rural road infrastructure through the implementation of slope stabilization, drainage improvement and pavement upgrades.

### Selected Focal Areas

This project will incorporate the following focal areas identified under Outcome 2 of J-CCCP:

- Community Based Climate Smart Resilient Infrastructure

### Targeted Stakeholder Groups

A number of stakeholders from the following village(s) will be targeted by the project:

- Dickie Village and Glebeland

### Project activities

The project will undertake the below activities:

- Stabilizing the main access point into Dickie Village
- Installation of a gabion blanket system at Glebeland that will allow drainage and prevent erosion of the riverbed.
