SUPPORTING ADAPTATION INITIATIVES OF THE GOVERNMENT OF NIGER

"Adaptation is not merely a priority, it is a necessity for Africa. Immediate and adequate support is required to implement adaptation plans and measures."
Adamou Chaifou
Minister of Environment, Republic of Niger

"Today, climate change adaptation is an imperative need for Niger. The most sustainable solution to mainstream adaptation measures into economic and social development policy."
Economic and Social Development Plan (PDES) 2012-2015
